FINANCIAL AND COMMERCIAL.

THURSDAY, April 2-6 P. M. Gold has been very active and mercurial to-day. It seems that some very heavy holders who had bought below 150 concluded that this would be a good day to realize profits, and at an early hour this morning sold it down to 165½. It afterwards rose to 157%, fell back to 153%, rallied to 156. fell back to 154, sold at 154, 153 and 15234 in the afternoon, and closed 1531/4 bid. It is stated on good authority that the measures before the egislature for the repression of speculation in gold will fail, the pressure brought to bear on nembers by the produce and mercantile interests being too powerful to be withstood. It has likebeen urged with effect that these measures would practically drive business from New York to Boston and Philadelphia, and should not, on this account, be countersneed by the State Legisla-

Foreign exchange is inactive. The importers are not buying, and the bankers are not anxious to draw. At the close to-day the quotation was 167

a 168.

Money is very easy. The leading brokers are amply supplied at 5 per cent, and at 6 all the lend-crs have money to dispose of. The disbursements of the Sub-Treasury are enormous—even larger

The stock market was dull this morning, and the best prices of yesterday were not maintained. Stocks generally showed a tendency to sympathize with gold. Pacific fell off 1/4, New York Central 4. Erie 4. Erie preferred 4. Rock Island 4. To-ledo 4. On the other hand the Harlems were firm, Hudon River rose 1 per cent, and Cleveland and Pittsburg was very steady. Governments were weaker, on the fall in gold. There are arge orders for government securities here on Suropean account, which can only be executed when exchange reaches a certain point.
From this cause we shall probably witness hereafter a closer sympathy between gold and govern-ments than between gold and the railway or mis-cellaneous shares. At the close this morning the was steady. In the public board, at one M., the market was extremely dull, and transac-ons were very limited. In the afternoon the eneral market was inactive and a fraction lower; riem and Hudson were exceptions. The former rose 3 per cent, selling at 59; the latter vas 1/2 per cent better than in the morning and in brisk demand. There was no change at the four P. M. call of the public board, except in Harlem, which dropped to 57. The following were the which dropped to 57. The following were the closing quotations of the day:—
